PROFESSIONAL HISTORY

See <https://www.linkedin.com/in/3745354365436> for full employment history

Medical Device Specialist | 3/19 to 10/19, 7/20 to 2/22 | Boston Scientific, Maple Grove, MN

- Assembled cardiovascular implant devices in a clean room environment as essential worker during COVID pandemic.
- Trained new hires on processes, monitored their work and educated on the importance of adhering to process and quality standards.
- Successfully trained employees on a running production line while managing the flow of parts through the line to meet production quotas.

Software Developer | 7/17 to 2/18 | Benson Medical Instruments, Minneapolis, MN

- Participated in development of Benson Cloud Services ASP.NET MVC web application software for occupational health.
- Contributed code to C# backend, SSRS reports, and JavaScript + Razor frontend.
- Greatly improved visual presentation and fixed several bugs in SSRS reports, a key feature of the Benson Cloud Services product, ahead of its first major release.
- Developed automated tests in C#, developed and performed manual validation test procedures.
- Participated in code reviews, standup meetings and design meetings.

Technical Support | 2/14 to 7/17 | Benson Medical Instruments, Minneapolis, MN

- Provided technical support for industrial screening audiometers and hearing conservation database software via phone, e-mail, Citrix GoToMeeting.
- Documented and investigated bug reports in collaboration with engineers.
- Managed difficult technical projects to maintain positive business relationships and meet the needs of multiple stakeholders: third-party vendors, distributors, end users.
- Led end-to-end process improvement project for RMA / equipment repair process.

PC Sales, Service and Technical Support | 7/08 to 3/13 | General Nanosystems, Minneapolis, MN

- Diagnosed, repaired, and upgraded a wide variety of PC hardware and software.
- Solved customer issues in person and over the phone.
- Built desktop and server PCs to order.
- Wrote service orders, quotes, and explanatory technical literature for customers.
